- Q16. **What parts of the draft Coastal IFOA are most important to you? Why?**
Native animal conservation. The current rate of land clearing is unsustainable. This is having a substantial impact on native animals and yet the government doesn't seem to care at all

All of them. Forestry industries are a dying industry. Clearing land in such ways is no longer sustainable

I don't think the government is even close to getting this right

No. The timber industry causes havoc on our natural environment
