

Be part of the solution

A circular economy values resources by keeping products and materials in use for as long as possible. Maximising the use and value of resources brings major economic, social and environmental benefits.

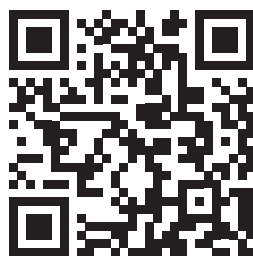

Contribute to innovation and growth while reducing your impact on the environment.

It is the EPA's goal to help you achieve this.

It pays to know what your business is wasting.

Help the environment and save money.

Benefits include:

Free phone and email support

Access funding opportunities

Reduce your impact on the environment

Attract more customers

Increase staff morale

Gain recognition for your business

Reduce your waste in **4 easy steps** with the **free Bin Trim Business app**.

The **Bin Trim Business app** will help you assess your business waste and identify actions to avoid and reduce waste and waste costs.

Any NSW business can benefit from using the **Bin Trim Business app**.

Step 1: **Sign up** for free.

Answer a few quick questions and we will send an email confirmation.

Step 2: Your **site**.

Tell us a few simple details about your business type and size.

Step 3: Your **waste**.

Tell us about your waste and recycling bins and what materials are in your bins.

Step 4: Your **action plan**.

Create your action plan. We will identify the Top 3 recommended actions for your business or you can create your own action. You can select and assign actions to reduce your waste.

Monitor your improvements.

Keep checking in regularly to track actions you have taken and track how much waste you have reduced. Compare against other similar businesses in your region.

Bin Trim Equipment Rebates

Businesses who complete their own assessment using the Bin Trim Business app may qualify for rebates to contribute to the cost of purchasing or leasing new equipment and technologies that avoid, reduce, reuse or recycle your waste.

Phone and email support for rebate applications is available through the Bin Trim Business app.

How much funding is available?

Eligible businesses can apply for a rebate up to a maximum of \$50,000 or 50% of the purchase price of equipment.
