- Q16. **What parts of the draft Coastal IFOA are most important to you? Why?**  
This will allow logging of the habitat of recognised World Heritage species and threaten unique rainforest ecotones.
- Q17. **What parts of the draft Coastal IFOA do you think have a positive outcome on the management of environmental values or the production of sustainable timber? Why?**  
None.

**Q18. What parts of the draft Coastal IFOA do you think have a negative outcome on the management of environmental values or the production of sustainable timber? Why?**

Profits before sustainability.

---

**Q19. What are your views on the effectiveness of the combination of permanent environmental protections at the regional, landscape and operational scales (multi-scale protection)?**

This will allow logging of the habitat of recognised World Heritage species and threaten unique rainforest ecotones.

---

**Q20. In your opinion, would the draft Coastal IFOA be effective in managing environmental values and a sustainable timber industry? Why?**

No. Removing the need to look for and protect core Koala habitat before logging, while zoning 43% of the highest quality Koala habit for clearfelling.

---

**Q21. General comments**

The area has already been dramatically changed from when Europeans first arrived. Why keep destroying it?
