- Q14. **Can the EPA make your submission public?** Yes
- Q15. **Have you previously engaged with the EPA on forestry issues?** No
- Q16. **What parts of the draft Coastal IFOA are most important to you? Why?**
The logging of trees over 20 years old
- Q17. **What parts of the draft Coastal IFOA do you think have a positive outcome on the management of environmental values or the production of sustainable timber? Why?**
I don't think logging is sustainable in any form at this point in history

Q18. What parts of the draft Coastal IFOA do you think have a negative outcome on the management of environmental values or the production of sustainable timber? Why?

You need to have long term vision and see the wealth in beautiful forests left unlogged. Tourism and wildlife protection are vital to this area

Q19. What are your views on the effectiveness of the combination of permanent environmental protections at the regional, landscape and operational scales (multi-scale protection)?

The more protection the better

Q20. In your opinion, would the draft Coastal IFOA be effective in managing environmental values and a sustainable timber industry? Why?

No because instead of using timber we could use hemp which I'd much more sustainable

Q21. General comments

Please understand the impact of logging not only on a local but global level
