Dear Mr Chappel *Tony,*

In my role of recommending Board appointments, under section 15(3A) of the *Protection of the Environment Administration Act 1991* I can specify additional desirable skills and experience for consideration in future Environment Protection Authority Board member appointments.

I have determined that the following additional skills or experience are to be given regard to when recommending future part-time Board member appointments:

- local government
- stakeholder engagement and communications
- digital information and data management

Please arrange for the outcome of this determination to be published on the EPA website, and included in future EPA Board member engagement processes.

Sincerely

A handwritten signature in black ink, appearing to read "Penny Sharpe".
